Directors' Responsibilities and Approval

The directors are required by the Companies Act of South Africa to maintain adequate accounting records and are responsible for the content and integrity of the annual financial statements and related financial information included in this report. It is their responsibility to ensure that the annual financial statements satisfy the financial reporting standards with regards to form and content and present fairly the statement of financial position, results of operations and business of the company, and explain the transactions and financial position of the business of the company at the end of the financial year. The annual financial statements are based upon appropriate accounting policies consistently applied throughout the company and supported by reasonable and prudent judgements and estimates.

The directors acknowledge that they are ultimately responsible for the system of internal financial control established by the company and place considerable importance on maintaining a strong control environment. To enable the directors to meet these responsibilities, the directors set standards for internal control aimed at reducing the risk of error or loss in a cost effective manner. The standards include the proper delegation of responsibilities within a clearly defined framework, effective accounting procedures and adequate segregation of duties to ensure an acceptable level of risk. These controls are monitored throughout the company and all employees are required to maintain the highest ethical standards in ensuring the company's business is conducted in a manner that in all reasonable circumstances is above reproach.

The focus of risk management in the company is on identifying, assessing, managing and monitoring all known forms of risk across the company. While operating risk cannot be fully eliminated, the company endeavours to minimise it by ensuring that appropriate infrastructure, controls, systems and ethical behaviour are applied and managed within predetermined procedures and constraints.

The directors are of the opinion, based on the information and explanations given by management, that the system of internal control provides reasonable assurance that the financial records may be relied on for the preparation of the annual financial statements. However, any system of internal financial control can provide only reasonable, and not absolute, assurance against material misstatement or loss. The going-concern basis has been adopted in preparing the financial statements. Based on forecasts and available cash resources the directors have no reason to believe that the company will not be a going concern in the foreseeable future. The annual financial statements support the viability of the company.

The external compiler is responsible for independently compiled and reporting on the company's annual financial statements. The annual financial statements have been examined by the company's external compiler and the compiler's report is presented on page 5.

The annual financial statements set out on pages 6 to 13, and the supplementary information set out on pages 14 to 16 which have been prepared on the going concern basis, were approved by the directors and were signed on 27 February 2026.

Annual Financial Statements for the year ended 28 February 2025

Directors' Report

The directors present their report for the year ended 28 February 2025.

1. **Review of activities**

   Main business and operations

   The company specializes in car cleaning services.. There were no major changes herein during the year.

   The operating results and statement of financial position of the company are fully set out in the attached financial statements and do not in our opinion require any further comment.

2. **Going concern**

   The annual financial statements have been prepared on the basis of accounting policies applicable to a going concern. This basis presumes that funds will be available to finance future operations and that the realisation of assets and settlement of liabilities, contingent obligations and commitments will occur in the ordinary course of business.

3. **Events after reporting date**

   All events subsequent to the date of the annual financial statements and for which the applicable financial reporting framework requires adjustment or disclosure have been adjusted or disclosed.

   The directors are not aware of any matter or circumstance arising since the end of the financial year to the date of this report that could have a material effect on the financial position of the company.

4. **Directors' interest in contracts**

   To our knowledge none of the directors had any interest in contracts entered into during the year under review.

5. **Authorised and issued share capital**

   No changes were approved or made to the authorised or issued share capital of the company during the year under review.

6. **Directors**

   The directors of the company during the year and up to the date of this report are as follows:

   DT Ellis

   M Ellis

7. **Shareholder**

   There have been no changes in ownership during the current financial year.

   The shareholder and her interest at the end of the year is:

	Holding
M Ellis	100.00%

8. **Compiler**

   JG Accounting (Pty) Ltd compiled the annual financial statements for the year under review.

Report of the Compiler

To the Directors of Super Valet Paarl (Pty) Ltd

I have compiled the accompanying financial statements of Super Valet Paarl (Pty) Ltd based on information you have provided. These financial statements comprise the statement of financial position as at 28 February 2025, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

I performed this compilation engagement in accordance with International Standard on Related Services 4410 (Revised), Compilation Engagements.

I have applied my expertise in accounting and financial reporting to assist you in the preparation and presentation of these financial statements in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities and the requirements of the Companies Act of South Africa. I have complied with relevant ethical requirements, including principles of integrity, objectivity, professional competence and due care.

These financial statements and the accuracy and completeness of the information used to compile them are your responsibility.

Since a compilation engagement is not an assurance engagement, I am not required to verify the accuracy or completeness of the information you provided to me to compile these financial statements. Accordingly, I do not express an audit opinion or a review conclusion on whether these financial statements are prepared in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities.

Accounting Policies

1. General information

The company is incorporated as a Private Company and domiciled in South Africa. The address of its registered office is 510 Hoof Street, Paarl, Western Cape, 7646.

2. Basis of preparation and summary of significant accounting policies

The financial statements of Super Valet Paarl (Pty) Ltd have been prepared in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities and the Companies Act of South Africa. The financial statements have been prepared under the historical cost convention. They are presented in South African Rand.

The principal accounting policies applied in the preparation of these annual financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 Property, plant and equipment

Property, plant and equipment is stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the directors.

The company adds to the carrying amount of an item of property, plant and equipment the cost of replacing parts of such an item when that cost is incurred if the replacement part is expected to provide incremental future benefits to the company. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to profit or loss during the period in which they are incurred.

Asset class	Useful life / depreciation rate
Motor vehicles	25%
Fixtures and fittings	16.67%
Computer equipment	25%

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, if there is an indication of a significant change since the last reporting date.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised within 'other gains / (losses)' in the statement of comprehensive income.

2.2 Financial instruments

Loan to (from) director, manager or employee

The loan to director, manager or employee is classified as a debt instrument, and is initially measured at transaction price including transaction costs and subsequently measured at amortised cost using the effective interest method.

Cash and cash equivalents

Cash and cash equivalents includes cash on hand, demand deposits and other short-term highly liquid investments with original maturities of three months or less. Bank overdrafts are shown in current liabilities on the statement of financial position.

Accounting Policies

Basis of preparation and summary of significant accounting policies continued...

Trade and other payables

Trade payables are obligations on the basis of normal credit terms and do not bear interest.

Other financial liabilities

Other financial liabilities are recognised initially at the transaction price, including transaction costs except where the liability will subsequently be measured at fair value.

Where the fair value of other financial liabilities can be measured reliably without undue cost or effort, these liabilities are subsequently measured at fair value with the changes in fair value being recognised in profit or loss.

Debt instruments are subsequently stated at amortised cost. Interest expense is recognised on the basis of the effective interest method and is included in finance costs.

Other financial liabilities are classified as current liabilities unless the company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

Issued capital

Ordinary shares are classified as equity.

Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred and the time value of money is material, the initial measurement is on a present value basis.

2.3 Tax

The tax expense for the year comprises current and deferred tax. Tax is recognised in profit or loss, except that a change attributable to an item of income or expense recognised as other comprehensive income is also recognised directly in other comprehensive income.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the entity operates and generates taxable income.

2.4 Revenue

Revenue is measured at the fair value of the consideration received or receivable. Revenue is shown net of value-added tax, returns, rebates and discounts.

2.5 Borrowing costs

All borrowing costs are recognised in profit or loss in the period in which they are incurred.
